

PARK BADGE PROJECTS

1. Print badges out and arrange them on a piece of large paper, like on this page, to make a book cover for when school opens again.
2. Print badges out on sticker paper and cut them out to make stickers.
3. Parents can print out badges for their kids to “earn” once they learn about each park (history, ecology, etc.)
4. Parents can hide the badges around the house for kids to seek.
