From Our CEO

Dear friend,

As you browse NPCA's 2024 travel collection catalog, envision yourself immersed in the remarkable landscapes and captivating narratives experienced on each unique trip. With NPCA, you'll embark on journeys that inspire, educate and ignite your passion for conservation. Join us as we set forth on extraordinary adventures together, celebrating the breathtaking beauty and history of our national parks and the profound importance of their preservation.

Our 2024 lineup includes some favorite destinations back by popular demand, along with some tours to hard-to-reach parks. Our trips are custom-designed to showcase the critical work that park protectors like you have helped NPCA achieve — from learning about the newly established **Avi Kwa Ame National Monument** on our trip through California and Nevada to witnessing the recently protected and astonishing wilderness of southwest **Alaska's Bristol Bay** area. We'll traverse by foot, plane and boat to experience the cherished places you've helped us preserve. Because of you, future generations can connect with these irreplaceable outdoor spaces just like we will on our unforgettable trips.

You can choose from a breadth of options that match your interests. If you're passionate about wildlife, take a trip of a lifetime to view the world-famous coastal brown bears of **Lake Clark National Park** with a bear-viewing expert, or spot humpback and orca whales on our newly added small-ship cruise through **southeast Alaska**. A thrilling trip to **Yellowstone** with local experts will bring the rush of trying to see wolf populations within the wildlife-rich Lamar Valley.

If history and culture are more your interest areas, come learn about the sacred land NPCA recently helped protect in the **Mojave Desert** or our efforts to expand cultural resource protections and increase Wabanaki Tribal representation in **Maine**. Follow the path of the **Civil Rights Movement** to meet with foot soldiers and hear firsthand stories of this painful part of America's history. Or engage with communities in **American Samoa**, learning the customs, participating in the traditions and reveling in the island's warm tropical waters and lush forested mountains. Our trips truly have something for every park enthusiast.

Safe and happy travels,

Theresa Pierno
